and required letter from your principal to:

Dee Ross
Partnership for the Delaware Estuary
400 West 9th Street, Suite 100
Wilmington, DE 19801

Or fax to: (302) 655-4991

If you have questions, please call
Dee Ross at 1-800-445-4935, ext. 18.

The **Partnership for the Delaware Estuary, Inc.** is a nonprofit organization that is dedicated to preserving, enhancing, and sustaining the Delaware Estuary. The Partnership develops and implements educational initiatives that focus on the importance of the Delaware Estuary's natural, historical, recreational, cultural, economic resources and offers programs for "kids to corporations and everyone in between." The Partnership for the Delaware Estuary is a partner in the Delaware Estuary Program, which is one of 28 National Estuary Programs around the nation.

The **Philadelphia Water Department (PWD)** supplies drinking water and sewage and stormwater services to the City and several suburban communities. The Department actively promotes a sense of good stewardship for the Delaware River Watershed through its day to day water and sewer operations, its Office of Watersheds, and through its public education programs including its Water Quality Citizens Advisory Committee.

Delaware Valley Earth Force was created in 1994 to provide educators with the resources they need to address academic standards. Earth Force's programs provide young people with the tools they need to begin solving real environmental problems in their back yards, schoolyards, and neighborhoods.

Funding support provided by
Pennsylvania Department of Environmental Protection's
Pennsylvania Coastal Zone Management Program

An exciting musical
assembly with a
service-learning
component
available to
Philadelphia
schools
grades K-8
in Spring 2003
